

Salute to Lisa Havens: Just When You Thought American Journalism Was Dead.....

By Anna Von Reitz

This morning (April 30, 2016) I am re-published information from Lisa Havens with great gratitude to her for ferreting it out and bringing it forward into the public view. Just when you thought that American Journalism was stone, cold, dead and rotting in the ground, Lisa did the job--- the real job--- that hasn't been getting done for decades. Oooo- rah, Lisa!

I am next advising you all of evidence brought to light by Dennis Schleuter and other loyal Americans confirming that the worst of what is revealed by Lisa's report is not only true but has actually been enacted by the "TENNESSEE" legislature, which has "decriminalized" such obvious crimes as murder, pillaging, and racketeering practiced against "persons".

See TENNESSEE CODE ANNOTATED ss. 39-2-701 copyrighted 2016 by The State of Tennessee. Title 39 Criminal Offenses, Chapter 2, Offenses Against the Person and Part 7, Threats, Intimidation and Extortion ---- have been repealed.

If you are continuing to allow the IMF to have a back door into your life by operating as a "PERSON" this should give you grave cause for concern.

It means that the STATE franchises operated by the UNITED STATES, Inc. which is just the doing business name of the IMF which is itself an agency of the UN Corporation, is preparing to commit crime against your presumed "PERSON" and its acolytes in your state operating as its "legislature" have condoned these acts of criminality and terror against your estate as a prelude to unprecedented piracy let loose on the land of these United States.

What can you do about it?

You can notify members of the local STATE legislature that their "acts" are known and that they will be the first to suffer the consequences if any harm comes to you or your family. You can notify Mr. Obama of the same, ditto Mr. John Forbes Kerry, the Joint Chiefs, the United Nations Secretary General, and the "Delegates" that are supposed to be serving you and your state in "Congress".

It may not stop them from carrying through or trying to carry through on their criminal genocide, but when Christine LeGrand and friends know that they have been clearly identified as the source of this Problem, they will realize that their lives are at stake, too.

Here are the things the IMF gets immunity from according to their Articles of Agreement:
